

RSB Dome Light Product Description

The RSB architectural poletop luminaire offers low energy consumption, zero-maintenance, and a longer life expectancy than traditional lamp sources. The RSB is recommend for use as public area lighting or for residential street lighting. When coupled with sensors and dimming it is ideal for installations such as walkways or parking lots which may be infrequently used during off-hours, further compounding the energy savings.

Features and Benefits

- High system efficacy
- Type III distribution
- Usefull life of 70,000 hours (to 70% of initial light output)
- CRI of 80+
- Standard color temp of 5000K
- Powder coated aluminum housing
- Custom colors available
- Dimming system with sensor options available*

Ordering Information

Model #	Finish	Color Temp	Lens
RSB-0260	matte black	5000k	clear
RSB-0260	matte green	5000k	clear
RSB-0260	matte brown	5000k	clear
RSB-0260	matte silver	5000k	clear

Specifications

- Diameter 18" / Height 11"
- Auto ranging input voltage 120-277 Vac.
- Greater than 87% efficiency
- MBTF>100,000 hrs. MIL217F.
- IP66 rated NEM4
- cULus, FCC B
- 70 watts total input

* must specify dimmer option with order
** RSB interfaces with PIR Sensor
