

SLW Step Light Product Description

The SLW is a rectangular recessed outdoor LED step light with a horizontal orientation. This fixture has been designed for both residential and commercial installations. The durable cast housing mounts easily into a reinforced stainless steel back box and is ideal for driveways, walkways, courtyards and plazas. Glare is reduced by the recessed horizontal aperture and baffles. The long life of the LED source eliminates maintenance requirements and reduces overall operating costs by up to 75%.

Features and Benefits

- Light output of 500 lumens
- Horizontal orientation
- Nominal input power of 5 watts
- Useful life of 70,000 hours (to 70% of initial light output)
- CRI of 90+
- Standard 3800K and 5000K
- Durable cast housing
- Reinforced powder coated stainless steel back box
- Powder coated face plate available in black or silver
